

Hello there

Thanks very much for your request for an information pack regarding the Tandem Skydive Course.

The information below should answer all your questions, however if you still have any queries, please do not hesitate to contact us. We are professional skydivers and instructors and have a good knowledge of all the listed centres and courses provided. You can phone us on 01869 278706 Monday – Friday from 9am – 6pm.

How do you book your Tandem Skydive?

- Read the information enclosed within this pack. If you are not sure whether this is the correct course for you, call us and we will be able to talk you through what is involved and help you make the right decision.
- Choose the centre you wish to go to – see list of locations & prices.
- Complete the attached course booking form and either send (marking the envelope **Booking Form**) or fax to us using the details above. Alternatively, you can book online via the website or call us and book over the phone.
- If you are hoping to jump within the next 4 weeks or if your group is greater than 4 people, call us to place your booking by phone.
- We will send you confirmation of your booking as well as directions and any forms that may need completing prior to the day relevant to your chosen centre.

Tandem Skydive

A Tandem Skydive is the quickest and easiest way to experience the exhilaration of being in freefall! Strapped to a highly qualified British Skydiving (BS) tandem instructor you will jump from 10,000 – 15,000 feet falling at speeds of around 120mph before your parachute is deployed for you to enjoy the views as you float back to the ground. No previous experience is necessary, and it takes just one day to be trained and to make the jump!

What to expect

- Training is simple and just takes 20 minutes and covers the following:
 - The parachute equipment and how it works.
 - How you will be attached to your instructor.
 - What is expected of you during the aircraft ride to altitude.
 - What you need to do when you exit the aircraft.
 - What is expected of you during free fall.
 - What happens under canopy and during the landing process.

- When it's your turn, you will be given a jumpsuit, hat and goggles, and then fitted into your harness.
- Then you walk with your instructor to board the plane where you will then be securely attached to your instructor.
- The plane will climb to an altitude of between 10,000 – 15,000 feet depending on location and the weather on the day.
- When it is safe to do so, you and your instructor will move to the door ready to exit the plane!
- On leaving the aircraft, you will freefall reaching a speed of 120mph before your instructor opens the parachute at around 5,000 feet.
- You then get to enjoy the local views, gliding through the air whilst suspended underneath your parachute. You may even get the chance to take control and fly the canopy back to the landing area!
- As you get near to the ground it's time to wave to your friends and family and then get your feet up whilst your instructor takes control and lands the canopy.
- Then smile for the camera as you are presented your certificate for completing the skydive.

Points to remember

- Just 20 minutes of training is needed, and the jump can be completed on the same day.
- No previous skydiving experience is required.
- There is no upper age limit, and you can start skydiving as young as 16 years old!
- Wear warm, loose, comfortable clothes and trainers with no hooks.
- Your skydive can be captured using DVD and still photos by one of our skilled camera flyers, so that you can relive your experience.
- There is a maximum weight limit which may vary from centre to centre. Please check before choosing the centre where you wish to jump.

Course Prices: (correct as of 10/04/24)

All prices are correct at the time of print and are subject to change at any time.

Age Restrictions

Type of jump	Min Age	Max Age	Fitness requirements
Tandem	16 yrs Parent / guardian consent needed if under 18 yrs	No upper age limit	Fitness level less important. The relevant BS Medical Form (115a or 115b) must be completed.
Static Line / AFF	16 yrs Parent / guardian consent needed if under 18 yrs	54 years unless previous parachuting experience. Centre discretion	Reasonable level of fitness will increase enjoyment of course. The relevant BS Medical Form (115c or 115d) must be completed.

BS Medical & Consent Forms

All skydivers will be required to complete the BS Medical Form appropriate to the course they are attending. You should read the BS Form 115a (Student Tandem Parachutist Medical Information & Declaration) as soon as possible. If having read all of the questions, you are unable to declare yourself as being fit to jump and therefore unable to sign this form, you will then need to take BS Form 115b (Student Tandem Medical Advice Form) to your doctor to be signed and bring this form along with you on the day of your jump.

It is suggested that you read BS Medical Form appropriate to the course you wish to attend before you complete the booking form. The forms can also be downloaded from the Information Downloads page on the website www.ukskydivingadventures.com.

We will ensure that the correct forms are sent to you prior to the day so that you can make the necessary arrangements to get the form signed by your doctor if necessary. It is important that you keep these forms and present them in person on the day. Do not post them to the centre for the risk of them being lost. If you don't have a signed form by the relevant person, you will not be able to skydive.

You will also be required to sign a BS Consent form. If the skydiver is under the age of 18 years, both forms will need to be signed by their parent or guardian.

Surprise someone with one of our gift vouchers!

We offer personalised gift vouchers for all skydiving experiences i.e. Tandem Skydive, Static Line Jump and Accelerated Free Fall (AFF Level 1 only). If you are not sure which course to choose, feel free to call us for advice. If you wish to keep the gift a surprise, you can choose the preferred dates yourself, however, be aware of the restrictions in place i.e. age, health and weight including the possible need for getting the BS medical form signed by the jumper's doctor as explained above.

Sponsored Charity Jumps

Why not raise money for charity whilst having fun at the same time! It is now very popular for people to do something quite out of the ordinary such as jumping from a perfectly good aeroplane to raise money for a worthwhile cause. Skydiving is considered an extreme sport, not something for the faint hearted and so worthy of you asking your friends and family to sponsor you! It is common practice for fundraisers to use some of the sponsorship money raised to pay a portion or the total cost of their jump if they have raised the minimum level of sponsorship. The level of sponsorship required will vary for each centre depending on the cost of the course however by raising at least double the price of your jump, you will satisfy the charity's expectations. Call us on 01869 278706 to find out more or download a Charity Information Pack at www.ukskydivingadventures.com

Group Bookings & Corporate Days

If you are organising a group whether it be as part of a charity fundraising event or team building event or maybe a corporate day, feel free to contact us to discuss your requirements in more detail. We offer discounts for groups of 10 people or more. The group organiser will be the point of contact for all correspondence and will also be responsible for signing the terms and conditions as well as making the group individuals aware of the terms and conditions as well as the age, medical and weight restrictions.

Frequently asked questions

Can I jump with a disability?

Disabilities do not need to stop you from skydiving. Call us to discuss and we will be able to best advise you.

What happens if the weather is bad?

Skydiving like most aviation sports is weather dependent. In accordance with BS rules and regulations, our centres must operate within strict safety limits with regards to cloud cover and wind speeds. If the weather is deemed unsuitable you will be given the opportunity to re-schedule your booking for another time at your convenience.

How long will I have to wait to jump on the day? Can you give me an exact time slot?

We understand that it is helpful to know when you are likely to jump especially if you have supporters coming to see you jump. Some centres will be able to give you approximate time slots, however weather conditions can affect these times. If you are doing a Tandem, plan for it to be an all-day activity. All centres have cafe facilities, and you can check the locations page on the website for information on local amenities to keep your supporters entertained should there be a wait. If you are doing a Static Line or AFF course, depending on the weather and time of year, you may get the opportunity to jump the same day. However again you should plan for this to be a 2-day activity.

What height will I jump from?

Static line jumpers will exit the plane from 3,200 – 3,500 feet. Tandem and AFF jumpers exit at a minimum of 10,000 feet and at some centres you will fly as high as 13,000 – 15,000 feet, depending on the cloud base and local air traffic control restrictions.

Do I need Insurance?

The cost of your course will automatically cover you for British Skydiving's 3rd party insurance up to £10,000,000. For a summary of the policy including details of the personal accident benefits, please refer to the latest [BS Insurance Summary document](#).

How safe is skydiving?

Your safety is our top priority. We only operate from centres which are affiliated to and work in accordance with BS rules and regulations. All instructors are BS qualified, extremely experienced and are current in accordance with the annual renewal policy. The equipment is of high quality and maintained to meticulous standards. Training is to the highest standards and in the case of Static Line and AFF which involve solo descents, you must pass a written test before being allowed to jump. The plane is operated in accordance with CAA. We only jump when the weather conditions are suitable and safe.

Equipment

Equipment used is regularly maintained in accordance with BS regulations and is checked prior to every jump. Each course requires the use of a dual parachute system consisting of a main and reserve parachute. Safety backup systems include an automatic reserve opening device which will operate in extreme circumstances. If you are a Static Line or AFF student, you will be given a backup radio enabling an instructor on the ground to assist you during your canopy descent to the ground.

Can I jump if I wear contact lenses or glasses?

We will issue you with goggles that comfortably fit over glasses and help to keep contact lenses in place.

Can I breathe in free fall?

You may feel like you gasp for air on exiting the aircraft especially if it is particularly cold. However, you will be able to breathe quite normally during your descent to the point you won't even think about it!

What clothes should I wear?

Ensure that your clothes are comfortable and loose fitting. Tracksuit bottoms, leggings or casual trousers along with a long sleeve sweatshirt are ideal. In the summer you can get away with just shorts. Comfortable shoes preferably trainers are advisable. Open toes or shoes with hooks are not allowed. Long hair must be tied up. You will be provided with goggles which can also fit over glasses if needed.

Will I be able to jump with my friend?

If you are part of a group and have a preference as to whom you share your experience with on the plane, make us aware of this at the time of your booking as well as remind the centre on your arrival. The centre will do their best to make this happen, however please appreciate that sometimes it is out of their control. Weight limits, the number of people requesting video plus the plane re-fuel schedule can sometimes dictate the manifest system.

Can I get my skydive videoed?

Make us aware that you would like your skydive videoed when booking. You may also be able to decide on the day. The cost of video including camera stills varies from centre to centre and is payable direct to the centre on the day. Please note that the video option is not available for Static Line Parachute Jump Course bookings.

Can I jump this weekend?

If you can't wait to experience the thrill of skydiving, call us and we will be able to advise you if there are any places available at your chosen centre.

Booking Form

To book your skydive,

- Complete booking form and sign the terms & conditions.
- Either post (ensuring envelope is marked “**Booking Form**”) or fax to us. Alternatively, book online or phone us to place your order.
- You will then receive a confirmation, the relevant BS medical and consent forms, plus directions to your chosen centre. If your preferred 2 dates are not available, we will contact you with alternative dates before sending you a confirmation.
- A non-refundable deposit is required at the time of booking which will vary depending on centre and course.
- If purchasing a gift voucher or gift pack, you just pay a standard deposit, £50 for a Tandem or Static Line, and £75 for Accelerated Free Fall Level 1 and then the remaining balance can be paid prior to the jump. Details for paying the remaining balance will be detailed in your confirmation documents.

Contact Details

These details are for the person booking the activity, not necessarily of the person taking part in the skydive. All correspondence will be sent to the address you give below.
